PIONEERS IN SUSTAINABILITY

## 2016 SAUVIGNON BLANC

### REBELS SINCE 1968

In 1968, with rebellion in the air, Barney Fetzer started a revolution of his own. Through creativity, passion and lots of hard work, he blazed a trail to sustainability. His philosophy was simple - earth friendly grapes are better grapes, and better grapes make better wine. It wasn't easy to buck a century of tradition and inspire an entire industry to change, but doing the right thing seldom is.

### NOTES ON THE WINE

Our Sauvignon Blanc opens with traditional aromas of freshly cut grass accented by layered notes of Kaffir lime, kiwi and citrus blossoms. On the palate, this medium-bodied wine is bright and crisp, with flavors of melon, grapefruit, pear and pineapple enhancing an inviting mouthfeel and lingering finish.

In 2016, our Sauvignon Blanc was harvested at peak ripeness in a warm August, when grape sugars and acids achieved ideal balance for this expressive, fruit-forward variety. Grapes were whole cluster-pressed, then fermented and raised in 100% stainless steel with partial lees contact, to enhance mouthfeel.
